**Rachel Van Nortwick Marketing and Event Coordinator**

**Buddy Stubbs AZ Harley-Davidson/Anthem Harley-Davidson 602-971-3400**

- **Kimmy Chapman is an exceptional individual and Buddy Stubbs Harley-Davidson is proud to carry and advertise in her publication, Biker Information Guide. What other magazine has someone behind it who actually cares about your business as if it was her own, promotes and attends your events on her own time, and provides an invaluable resource for the biking community? We don't look at Biker Information Guide as somewhere to place an ad, but as partner for our business. Kimmy Chapman and Biker Information Guide are the real deal.**

**Bill & Denise Cook Desert Custom Cycles 480-835-6666**

- **Simply The Best!**

We have been advertising with Biker Information Guide since opening our business in 2002. Notice that I say "with" not "in" because with Kimmy Chapman and her staff it is a group effort and you are not just a number and revenue stream, but a friend and you might even say a family member.

Over the years we have advertised our business in other publications but through tracking of our marketing have determined that after current customer referrals, AZ BIG is consistently our most effective advertising tool. Others have tried to imitate Biker Information Guide but without the tried and true knowledge that Kimmy has acquired and fine tuned, they have been largely unsuccessful. With your hard work and the guidance of the BIG staff, success is in the cards! In our opinion, as Tina Turner says in her song, you're simply the best!

### **Evolution Custom Cycles 480-966-8876**

- We have tried all the other normal free newspapers, magazines, etc. Whenever we could actually compare the results of our advertising in the various media, it always turned out that the Biker Information Guide brought the most customers into our shop. It seems that everyone likes your format & the guides are always the first to be taken from our display rack

### **Bikers Bay Tiim & Jim 480-421-1404**

- Bikers Information Guide has exceeded all of our expectation with 50% of our new customers saying "I saw you in the Guide." Kimmy and her staff have worked very closely with us in developing the ads, providing direct and valuable feedback and assisting us in all aspects of developing our advertising program. Bikers Information Guide is a must for new and established businesses that are looking to reach the biker community. We are in both Sport, Metric Off-Roading and Harley Custom. Thank you for being a big part of Bikers Bay success.
